

Niharika Jain.

MULTIDISCIPLINARY DESIGNER Digital products, brand systems, and human-centered experiences.

About

I'm a multidisciplinary designer with a B.F.A. in User Experience Design and a minor in Graphic Design from SCAD. My work blends UX, visual communication, branding, and emerging AI workflows to create experiences that feel intuitive, approachable, and human. I enjoy transforming complexity into clear, engaging systems that balance functionality with personality.

Experience

Product & Experience Design Collaborator

Mar 2026 – May 2026

SCAD × Wisdom ATL · Atlanta, GA

- Developed eyewear packaging, retail display concepts, and buyer-facing presentation materials for an Atlanta-based eyewear brand.
- Translated brand personality into product, packaging, and visual merchandising concepts across physical retail touchpoints.
- Created design documentation, presentation assets, and prototype-ready visuals for client review.

UX Design Collaborator

Jan 2026 – Mar 2026

SCADpro × FIFA World Cup 2026 Atlanta · Atlanta, GA

- Researched accessibility, crowd movement, safety, and wayfinding challenges for large-scale event experiences.
- Synthesized research into journey maps, opportunity areas, and experience recommendations for stakeholder review.
- Collaborated with a multidisciplinary SCADpro team to frame fan-experience improvements for FIFA World Cup 2026 Atlanta.

Communication Design Intern

Sep 2024 – Mar 2025

Naagin · Mumbai, India

- Designed campaign visuals, launch assets, and social media content across digital customer touchpoints.
- Created brand-aligned visual systems for Instagram, product storytelling, and seasonal marketing campaigns.
- Supported creator partnerships and user-generated content initiatives through content planning and asset development.
- Adapted campaign assets across formats while maintaining visual consistency.

Graphic Design Intern

Jul 2024 – Aug 2024

Studio Plural · Mumbai, India

- Supported branding, signage, and wayfinding systems for residential, commercial, and public-space environments.
- Created presentation materials, production-ready artwork, and client-facing design documentation.
- Contributed to environmental graphic design concepts from early exploration through execution.
- Collaborated with designers and project teams to maintain visual consistency across deliverables.
